## ABOUT OCTA.B

Mrs. Ziyanda Ntisa, a devoted wife of over ten years and a proud mother of three beautiful daughter, a passionate founder of Octa.B.

She is a born-again Christian who loves God wholeheartedly. Her faith is the foundation of her life and business. Mrs. Ntisa holds a Higher Certificate in Social Sciences from the University of South Africa. Her journey into natural wellness began from a deeply personal place—watching her beloved mother suffer from multiple chronic illnesses.

Determined to help, she searched for a natural way to support her mother's health. Her discovery of Superfoods changed everything. Not only did it make a significant difference in her mother's healing journey, but it also inspired a calling: to help others experience the same breakthrough.

In honor of her mother's strength and healing, she founded Octa.B, a company rooted in compassion, wellness, and faith. She believes that just as God helped her mother, He will use this company to bring hope and health to many more.

Through Octa.B, Mrs. Ntisa is committed to providing natural, high-quality products that promote self-care, wellness, and a better life for all. **Founder: Mrs. Ziyanda Ntisa**

## 2. LINEN & FABRIC MIST

TO MAKE IT EASY TO UNDERSTAND THE DIFFERENCE BETWEEN A ROOM SPRAY AND A LINEN SPRAY, WE'VE CREATED THE SUMMARY CHART BELOW.

	Linen Spray	Room Spray
Beddings, Curtains and Furnishings	✓	
Clothing	✓	
Room space	✓	✓
Long-lasting	✓	✓
Safe for direct contact on skin	✓	

## 2. LINEN & FABRIC MIST

**A Linen Mist is a liquid product that can be sprayed on linens, fabrics, laundry, furnishings, bed sheets, pillowcases, sofas, carpets, and curtains, leaving them smelling fresh and clean and safe for direct contact on the skin and other home textiles to eliminate odours and add a pleasant scent.** It's typically sold in a spray bottle and can also be used as an air freshener.

As we stay home, we tend to look for ways in making our homes more fragrant. One of the foolproof ways of scenting our home is spraying our favourite scents. Our Linen Mists are the best choice sprays that can achieve all of that and even more, as you can spray your home, linens, clothing and even furnitures.

**A linen mist is another way to freshen up yourself and your home. It is safe to say that Linen Mists are NOT Room Sprays.**

Our OB Linen Mists are made of eco friendly oil fragrances (environmentally friendly such as 100% plant-based), they can be used as aromatherapy to provide quality sleep and relaxation. As a bonus, the oils that our mists contains doesn't just mask odours, they also has antimicrobial properties that fight bacteria that cause unpleasant odours.
